EXECUTIVE PROFILE

Enterprise technology leader with 30 years delivering national-scale platforms, large ERP transformations, and IT governance across Government, PSU, Cooperative, Healthcare, FMCG, and Manufacturing sectors. Governed programmes up to ₹300 Cr — including India's national customs platform (19.5M+ transactions/year) and one of India's largest cooperative IT transformations at AMUL and AAVIN. ISO/IEC 42001 (AI Governance), DPDPA, and MCA-IICA Independent Directorship certified — board-ready with hands-on delivery credibility. Available for Fractional CIO, Independent Director, and AI Governance Advisory engagements.

DIGITAL & ERP, DPDPA & AI GOVERNANCE PRACTICE — ADVISORY FOCUS

- ISO/IEC 42001 certified AI Governance practitioner — advising boards and CXOs on enterprise AI risk frameworks, responsible AI controls, AI adoption roadmaps, and digital governance.
- Actively integrating DPDPA 2023 across healthcare, hospitality, education, and retail pharmacy sectors; active thought leader on AI Governance, ERP Transformation, e-Governance, and Digital Public Infrastructure.
- Experienced in State & Central Government and PSU RFP compliance, bid evaluation support, contract governance, and digital transformation project oversight.
- Certified Independent Director (MCA-IICA) — qualified for Technology, Audit, Risk, and Governance Committee roles; available for board advisory, IT committee memberships, and fractional CIO engagements.

PROFESSIONAL EXPERIENCE

- Senior Consultant — IT/ERP** | SRM Group, Chennai Nov 2025 – Present
- Designed and deployed a business-owned ERP operating model (OpsaaS) across 13 verticals — Hospitals, Pharmacies, EdTech, Hospitality, Media, and Autotec.
 - Led DPDPA 2023 compliance and AI data governance across 4 regulated sectors; reduced SLA breaches by ~25–30% via ERP governance consolidation.
 - Oversaw NABH-aligned healthcare governance, unified ticketing, Software AMC, and master data governance across 50+ retail pharmacy sites.
 - Drove vendor rationalisation and IT cost optimisation across 13 business units — consolidating AMC contracts, API integrations, and software licensing under a unified governance framework.
 - Supported hospital risk management, FSMS compliance, and Retail Audit IT facilitation for SIMS Hospital and 50+ retail pharmacy sites — strengthening enterprise-wide quality and regulatory assurance.
- Project Director — National Digital Platforms** | CMS Computers India Pvt Ltd, Mumbai Nov 2021 – Mar 2025
- Modernised ECCS for CBIC — India's national customs platform handling 19.5M+ transactions/year, with PwC programme assurance.
 - Delivered ~40% faster customs processing and ~90% automation via ECL integration; directed 72-member enterprise delivery organisation (₹30 Cr).
 - Managed centralised Service Desk across 8 ICT ports, RBI, and CBIC with full L1–L3 SLA adherence.
 - Conducted periodic delivery health reviews and retrospectives aligned to PwC Programme Governance & Advisory (PGA) standards, ensuring operational resilience and continuity.
 - Spearheaded stakeholder coordination across CBIC, RBI, and port authorities — managing regulatory compliance, workforce continuity, and multi-agency change management at national scale.
- Senior Program Manager — AAVIN ERP Transformation** | CMS Computers India Pvt Ltd, Chennai Jun 2017 – Oct 2021
- Led IDMS transformation across 300+ Tamil Nadu dairy cooperatives (30–35 lakh litres/day); governed ₹55 Cr CERT-In/MeitY-funded programme with 80-member team.
 - Achieved 99.9% platform uptime; delivered mobile apps, Power BI dashboards, DC/DR infrastructure, MPLS connectivity, and grievance management platform.

- Established PMO with milestone governance, risk registers, SLA frameworks, and compliance reporting — restoring supply chain visibility across 300+ geographically dispersed cooperative sites.
- Managed end-to-end vendor governance, capacity planning, and post-go-live stabilisation — eliminating downtime-driven distribution losses across Tamil Nadu's state dairy network.

Project Director — State Excise ERP (AP & Telangana) | CTEL Info Systems Pvt Ltd, Hyderabad Sep 2013 – Mar 2015

- Directed India's most complex state excise digitalisation — ₹300 Cr ERP governing 6,500+ outlets across a ₹12,000 Cr liquor ecosystem; 180-member multidisciplinary team.
- Designed India's first QR/GS1-enabled excise track-and-trace ERP (HPFS) — eliminated ~25% illicit trade and improved state tax realization.
- Led state-wide MPLS network rollout and DC/DR architecture across 6,500+ outlets, ensuring high-availability operations for mission-critical excise transactions.
- Governed full ₹300 Cr programme budget — overseeing financial controls, milestone-linked disbursements, vendor contracts, and multi-state compliance reporting across AP & Telangana.

Manager (Systems) — Enterprise ERP & IT Infrastructure | GCMMF — AMUL, Anand, Gujarat Sep 1991 – Nov 2004

- 13-year tenure as systems lead — governed enterprise ERP (EIAS) across 50+ locations, 16 factories, and 30-member team through AMUL's pivotal digital transformation era.
- Conceptualised India's first digital retail census covering 5 lakh retailers; managed multi-vendor ecosystem (TCS, Wipro, TTIL, Sun Microsystems).
- Established IT infrastructure across 50+ cooperative locations including server consolidation, network architecture, and disaster recovery — underpinning AMUL's national supply chain reliability.
- Drove National Kaizen Award-winning operational excellence initiatives — embedding TQM and continuous improvement disciplines across AMUL's enterprise IT and systems functions.

CIO Award (USA 2003) — IT Cost Optimisation · Best ERP Award (China 2002) · Rajiv Gandhi Quality Award · National Kaizen Award

EARLIER CAREER HIGHLIGHTS

ERP Solution Architect & IT Head | Inspace Technologies Pvt Ltd, Chennai May 2015 – Jun 2017

- Designed multi-tenant SaaS ERP deployed across MSMEs in Jewellery, E-Commerce, Construction, and Heavy Engineering.
- Led Chalo ERP on Azure Cloud scaled from 30 to 500+ schools nationwide; deployed Odoo on AWS across multi-vertical enterprise.
- Established SLA frameworks, release governance, and L1–L3 support models ensuring platform stability across all client deployments.

Associate Professor & Digital Consultant | NGI, Coimbatore 2008 – 2013

- Taught Enterprise Systems, ERP, and IT Management to postgraduate students; led NAAC accreditation software rollout.
- Built practitioner-educator profile mentoring students in real-world ERP deployments aligned to industry standards.
- Bridged academia and industry by integrating live ERP case studies and cooperative IT governance frameworks into postgraduate curriculum.

Senior Consultant | ITC InfoTech Ltd, Kolkata 2007 – 2008

- Led ₹55 Cr SAP-integrated ERP rollout across 1,600+ FMCG distributors nationwide — delivered 8–10% distributor sales lift.
- Established Centre of Excellence (CoE) for post-go-live support quality assurance.
- Managed distributor on boarding, change management, and training across pan-India rollout ensuring seamless SAP adoption at scale.

IT Head — Senior Manager | BP Ergo Ltd (Primal / HNI Corporation, Fortune 500), Nagpur 2005 – 2007

- Replaced fragmented manufacturing systems with integrated EIS; deployed Balanced Scorecard across multi-vendor IT ecosystem.
- Infrastructure quality validated post-acquisition by HNI Corporation — world's 2nd largest office furniture manufacturer.
- Standardised IT operations and vendor management practices, enabling seamless transition and continuity during the Fortune 500 acquisition.

IT Head (GM, IT & Systems) | Bharat Bijlee Ltd, Mumbai 2004 – 2005

- Led enterprise platform transformation from BAAN to Infor LN 6.1 for BSE-listed electrical engineering manufacturer.
- Established IT governance & ITGC controls, CAPEX/OPEX framework aligned to international compliance standards.
- Delivered end-to-end ERP migration with minimal business disruption — overseeing data migration, UAT, and post-go-live stabilisation.
